Dear Mrs. Henderson:

How nice to hear from you! Wasn't the Dublin meeting fun. Only the Irish Derby in the pouring rain dampened my spirits!

I see Dr. Weisskopf quite often. He's a fine fellow and a very good teacher. We are so glad that Dr. Henderson is helping us in our program to prevent birth defects.

Hoping to see you again,

Sincerely yours,

Virginia Apgar, M.D., M.P.H.
